Enable Faster Payment System (FPS) 开通「转数快」

The Faster Payment System (FPS) is a rapid payment system launched by the Hong Kong Monetary Authority, allowing residents to conveniently make real-time cross-bank and electronic wallet transfers and receive payments anytime, anywhere, using just their mobile number, email address, or FPS ID, free of charge.

The "Faster Payment System" (FPS) in Hong Kong allows you to enable and register through your bank or electronic wallet app:

Register for receiving payments: Log into your online banking or electronic payment app (such as Bank of China Hong Kong or HSBC Hong Kong) and look for the FPS settings. Bind your mobile number or email address to receive cross-bank transfers.

Payment function: Once registered, you simply need to select FPS in the app, enter the recipient's mobile number, or scan the QR code to transfer funds instantly.

「转数快」是香港金融管理局推出的快速支付系统，让市民只需透过手机号码、电邮地址或 FPS ID，即可随时随地免费进行跨银行及电子钱包的即时转账与收款。

香港的「转数快」跨行转帐服务可以透过您使用的银行或电子钱包 App 来启用和登记：

登记收款：登入您的网上银行或电子支付App（例如中银香港或汇丰香港）寻找「转数快」设定，绑定您的手机号码或电邮地址即可接收跨行转帐。

付款功能：登记后，您只需在App内选择转数快，输入收款人的手机号码或扫描QR Code就能即时过数。

Some school activities require deposit payments via the Faster Payment System (FPS). It is recommended that all freshmen open a Hong Kong bank account and link it to the FPS in advance (using a mobile number or email address) to ensure a smooth registration and payment process.

学校举行的部份活动需以「转数快」收取活动按金，建议新生开设香港银行账户及提前在个人的香港银行帐户中绑定「转数快」（可使用手机号码或电子邮件进行登记），以便顺畅完成活动报名及缴费流程。

For detailed steps and the daily transfer limits, please refer to the official Faster Payment System guidelines from the Hong Kong Monetary Authority

Doxxing 起底公审

Somebody may think that doxxing is a act of justice, but in fact, collecting others' personal information and disclosing them on the internet, social media, and public platforms without agreement of the information owner would lead to offending personal rights of privacy, and may offend the personal data (privacy) ordinance. We encourage students to be aware of the personal manner on internet and being a responsible online citizen.

有些人认为网络公审是正义的行为，并进行「网上起底」，从不同渠道收集他人或其家人的个人资料，在未经当事人同意下，在互联网、社交平台或其他公开平台披露，属于侵犯个人隐私的行为，有机会触犯《私隐条例》。同学需注意个人媒体素养，做个负责任的网络公民。

Online Posting 发布网络信息

Everyone can post information online but should bear the responsibility at the same time. If someone posts any misleading or instigating message and leading to panic in the public, he or she may offend the law. Besides, students should fact check the information before posting it online to avoid misleading anyone.

在网络上，每一个人都可以发布信息，但也需要承担起相关责任。若在网上发放传送任何失实或虚假讯息以及煽动仇恨的言论，引起不必要的误解及恐慌，即有可能触犯法例。此外，同学在收到、发布及转发网络信息前应先核实其真实性，以免被虚假消息误导及蒙骗，切勿相信多人传发的消息就一定真实可靠。

11 Beware of Telephone Deception

提防电话骗案

There are a wide variety of defrauding tricks happening in Hong Kong. The most common scenarios include:

- Made phone calls directly or via the pre-recorded voice messages, posing as officials of Immigration Department, law enforcement agencies or staff of any governmental organizations of Hong Kong or the Mainland, telling the victims that they have committed crime or were involved in identity theft. During the call, fraudsters may even be able to tell the names of the victims. Victims would be asked to provide sensitive information such as account numbers and PIN codes of personal banking or e-payment platform for ceasing suspicion.
- Sent fraudulent phishing emails or SMS messages with embedded malicious hyperlink for getting e-payment platform account number and password.
- Made live video call showing the face and voice of victims' family or friends with AI deepfake technology, convinced the victims to transfer money or make values top-up.

近年有不法之徒利用各式各样的行骗手段在香港骗取金钱，常见情况包括：

- 致电受害人或以预录语音形式冒充内地或本港入境处、执法人员政府机构或其他政府机官员，讹称事主触犯法例或个人身份被盗用，他们甚至可以说出事主的姓名，使用伪造资料令受害人相信自己涉案，从而要求事主提供个人、银行户口及密码等敏感资料以助洗脱嫌疑。
- 发出附有不明链接的钓鱼式欺诈电邮或短信等等，以骗取受害人的网上银行及电子钱包账户号码及密码。
- 以实时视讯致电受害人，透过人工智能深伪技术展露出其亲友之容貌及声线，要求转账或充值。

The Hong Kong Police Force has launched a scam prevention tool app. Please search for and install the "Scameter" in your mobile app store. This app features a scam warning function that can automatically detect suspicious calls and websites.

香港警务处推出了防骗工具APP，同学可在手机的应用程式商店搜寻并安装「防骗视伙APP」。该APP具备防骗预警功能，能自动侦测可疑来电和网站。

Students are advised to be watchful and pay attention:

1. To help detect telephone deception, the Office of the Communications Authority stipulates that telephone operators are required to insert a "+" sign in the calling number display of mobile phones as a prefix for all incoming calls originating from outside Hong Kong. If you receive unknown calls with the prefix "+852" which appears to be from a local number, you should be alert to the possible telephone deception.
2. If the callers claim themselves as officers of law enforcement agencies or government organisations or e-payment companies and request for your personal particulars and assets under various pretexts, contact corresponding offices to verify the identity of the callers.
3. Pay attention to the video quality of a video call, call over to your family or friends for verification after the video call ends.
4. Do not disclose your personal particulars to strangers, including your HKID numbers, bank account numbers, online banking accounts and PIN codes.
5. Do not download any unknown applications or click on any links or open any attachments embedded in suspicious emails, or input any information into unknown applications or websites.
6. Please call the Police's "Anti-Scam Helpline 18222" if in doubt or report any suspected case. For any emergency, please call 999.
